

"The staff treats everyone with respect and makes sure the residents are receiving quality care.

Everyone is extremely friendly, and you can see they truly enjoy caring for the residents. Prior to my mom moving to the Elant at Goshen Adult Home, I used to worry about whether she was taking her medications at the right times. Now, I no longer worry, as the staff provides medication assistance and the Elant Medical Practice physicians and nurse practitioners are there when my mother needs them. Both my mom's life and my life are easier."

Assisted Living

Elant, the Hudson Valley's premier provider of health and housing solutions, has been serving the needs of seniors for more than 25 years. Located in Goshen, New York, Elant's Assisted Living Communities provide a safe and comfortable home for seniors who wish to maintain their independence, but need assistance with activities of daily living such as bathing, dressing, medication reminders and supervision due to cognitive impairments.

The Elant at Goshen Adult Home and the Glen Arden Enriched Housing Units provide a gracious, caring home where seniors enjoy security, friendship and a wide range of activities.

There is never a contractual obligation to stay with us longer than you need; Elant's Assisted Living Communities offer both extended stays and short-term stays to give caregivers a break to refresh and reenergize. Additionally, Elant will never turn away a potential resident due to personal financial limitations. We accept the following forms of payment:

- Private Pay
- Supplemental Security Income (SSI)
- We will also work with each potential resident to develop a negotiated, individual fee plan

Residents of Elant's Assisted Living Communities maintain the choice to receive health care from their current primary care physician or can choose to receive care through Elant. Physicians and nurse practitioners from the Elant Medical Practice maintain scheduled visits to see residents who require treatment and/or care for ongoing health issues.
