RETIREMENT IS ABOUT

Living

The Lifestyle You Deserve

GLEN ARDEN
Elant's Continuing Care Retirement Community

AFFORDABLE LIFE CARE

MORE THAN A PLACE TO LIVE.

It's Life Care.

A CONTINUING CARE RETIREMENT COMMUNITY

At Glen Arden, seniors enjoy an active, independent lifestyle with a variety of programs and amenities. One of the few communities in the state to offer true Life Care, Glen Arden provides a comprehensive program of independent living, assisted living and skilled nursing – all on one campus.

As a Continuing Care Retirement Community, Glen Arden gives you peace of mind by providing quality care as your needs change over time. This comes with the guarantee that your long-term healthcare is covered, for life, with minimal out-of-pocket expenses.

Imagine having this type of financial security and knowing you'll never have to depend on your loved ones for your future care. In addition, entrance fees can be up to 90% refundable, if desired, and there are advantageous tax benefits included with a move to Glen Arden.

If you're from the Hudson Valley, Glen Arden is the ideal retirement community so you can stay close to home. If new to the area, you'll soon discover life at Glen Arden and surrounding Orange County is a one-of-a-kind experience.

Independence

ENJOY YOUR INDEPENDENCE.

Take pleasure in worry-free living with bi-weekly housekeeping, weekly linen service, on-call maintenance, snow removal and restaurant-style dining – giving you the freedom to spend time as you choose.

Your active lifestyle is enhanced with a variety of social, recreational and educational programs to promote lifelong learning. Amenities and services such as an on-site beauty/barber salon, a well-stocked library, business center, billiards room, arts and crafts studio and a woodshop are available for you to renew or discover hidden talents.

Stay fit and connected to the outdoors with tennis, bocce ball, shuffleboard, miniature golf or take a walk along Glen Arden's trails. Participate in an instructor-led wellness class, enjoy a cardio- and strength-training workout at your own on-site Curves® fitness center or enjoy a refreshing swim in the indoor heated pool. There's always plenty to do!

Peace of Mind

A PARTNER FOR LIFE.

Living healthy and having access to quality care is part of the security offered at Glen Arden.

Life Care at Glen Arden means peace of mind with access to additional long-term care options, **if ever needed**, with minimal out-of-pocket expenses:

Assisted Living

This program provides around-the-clock staffing, three meals each day, and help as needed with some of the basic activities of daily living, including bathing, dressing, laundry, housekeeping and medication dispensing.

Skilled Nursing Care

Offering a higher level of care, available skilled nursing provides a variety of medical, clinical, social, psychological and rehabilitation services to residents. Physicians, nurses, therapists and support staff care for the whole person – not just the physical concerns – offering specially-designed rehabilitation services, programs and activities to help foster resident involvement and provide intellectual, as well as physical stimulation.

Independent living residents have access to onsite nursing professionals at Glen Arden's Wellness Center. A personal emergency response system guarantees that help is always there.
