Skilled Nursing & Rehabilitation Center

Adult Day Program
Skilled Nursing Care

Elant at Meadow Hill provides a caring and comfortable setting for those who can no longer live safely at home and need to make the transition to living in a skilled nursing care center. Personalized care to address the medical, clinical, social and emotional needs of our residents is delivered by our skilled, compassionate and highly trained staff – giving families the assurance and peace of mind they need.

Respite Care

Short-term, respite care stays can also be arranged for individuals when caregivers need temporary relief to refresh and reenergize.

Dementia and Alzheimer’s Care

For those individuals with dementia, including Alzheimer’s disease and other related illnesses, Elant at Meadow Hill’s professional caregivers provide the experience and kindness needed to ensure each resident’s health, safety and wellbeing. Our secured memory care unit provides a safe environment where specially trained staff offer compassionate care and supervision, and assist with memory loss, orientation problems and impaired social and language skills.

Palliative Care

For those who need diagnosis-related palliative care or end-of-life care, Elant at Meadow Hill has a variety of resources available through our own programs and a contract with Hospice to meet the needs of both the resident and the family members providing supportive care.

Rehabilitation Services and Sub-acute Care

Our program, which includes physical, occupational and speech therapy, is available up to seven days per week and is specifically designed to help our patients recover as quickly as possible and return home safely to the life and activities they enjoyed prior to their illness or injury. Using a multi-disciplinary approach, our team of therapists, nurses, dietitians, social workers and therapeutic activity staff work together to provide total patient care and restore the patient’s independence. A personalized treatment program is developed for each patient to address their specific therapy goals.

Measuring over 1,100 square feet, our therapy gym includes a broad spectrum of equipment including NuStep® cross trainer machines, bicycles for upper and lower body exercises, a continuous passive motion machine (CPM), adaptable ambulation equipment and more. Our rehabilitation program, located on a dedicated unit has been recently renovated. Each of the private and semi-private resident rooms has been updated to include new beds, flooring, wall décor and each room also includes a telephone and flat screen television. A new nurses’ station has been constructed to give our residents easier access to the nursing staff.

Services and amenities:
- Private & semi-private rooms
- Private and semi-private rooms
- Flat screen TV
- In-room phone service
- Newspaper delivery service
- Nutritional counseling and menu options
- Dedicated activity therapists and programs
- Educational, social, and recreational programs
- Case management and discharge planning

Adult Day Program

For those individuals living in the community who may benefit from additional supervision, socialization, activities and medical assistance during the daytime hours, Elant at Meadow Hill provides an Adult Day Health Care Program. We work closely with each client’s primary physician and caregivers to develop individualized plans of care. This program is designed to support caregivers who may not be home during the day to care for their loved ones or may need a period of respite.

The program provides:
- Professional skilled nursing care & supervision
- Case management by a licensed social worker
- Rehabilitation services including occupational, physical and speech therapy, as needed
- Nutritious meals and snacks, and personalized nutritional counseling by a registered dietitian
- Medication administration
- Assistance with personal care needs
- Entertaining and stimulating activities in a supervised environment
Contact us today to learn more about our programs or to arrange for a tour.
